Patuxent River State Park Presents...
"The Code of the Wild"

Participant Workbook

Instructions:

Welcome to Patuxent River State Park! We hope that you are ready for this combination scavenger hunt and trivia challenge that we call, The Code of the Wild. The goal of this quest is to gain access to a hidden lock box, which contains the completion stamp for your passport.

To start, please go to the Nature Center, which is up the dirt road from the parking lot off Georgia Avenue. Set upon the wall is a wooden box. Inside is extra copies of this workbook and the park map to guide you. You will also find pencils if you have not brought your own. There is also your first clue, which will guide you to the first of five lockboxes. Each lockbox contains a piece of information necessary to find and open the final box. Four contain pieces of the final code and one contains the location. They all also have clues to get you to the next box.

To open each box, you will solve a trivia question. All the questions are multiple choice and each answer has an associated code. Pick the correct answer and the code will open the box.

Please leave all codes, questions, clues, and information in the lock boxes in which you find them. Use this workbook to write down any information you wish to take with you. If anything is missing or if you need any assistance, call a Ranger at 443-962-0216.

Clue One:

_____

_____

Lock Box One:

Trivia Answer: _____

Master Code Piece: _____

Clue Two:

_____

_____
